August 2019 Program

Nancy Prince

Nancy Prince, an award winning quilt artist from Orlando, Florida, specializes in thread painting. Her anyone-can-do-it approach to thread painting is fun, easy and a new way for quilters to broaden their quilting experience. She has recently introduced thread sketching into her workshop offerings.

Nancy is the author of *Simple Thread Painting* and *Thread Painting with Style* both published by the American Quilter's Society, has taped episodes for *Simply Quilts*, *Creative Living* on PBS and *The Quilt Show* with Alex Anderson and Ricky Tims, has appeared in national magazines and has won numerous quilting awards.

Nancy is totally addicted to thread painting and her enthusiasm in workshops can be contagious!!! Students comment on her commitment to one-on-one attention and her upbeat attitude. She travels the country teaching and lecturing to anyone who will listen in order to share the excitement and creativity thread painting brings to her quilting world. She excels in taking the mystic out of thread painting, making it easy for anyone to master.

In addition to her husband, Tom, she has three grown sons and eight adorable grandchildren – and oh, yes and three talented daughters-in-law. She spends most of her time juggling her family, quilting and teaching her passion. This passion has enriched her life and keeps her centered and focused.

Nancy will present her lecture, "So What is Thread Painting All About?", at our August 13 meetings. Come take a fun and thought-provoking journey with her into the avenue of thread painting. The lecture will demonstrate her step-by-step techniques to show you just how simple thread painting can be. And finally, Nancy's trunk show will detail a short history of some of her thread painted quilts.

President's Notes

By Sara Farley

Binding

There are many ways to bind a quilt. I first learned a simple method, folding the back to the front and hand-stitching it down. Then I tried using a wide satin binding for my first baby quilt. That was a one-time deal! After that, I made my own binding (on the straight of grain or the bias, depending on the project). I've experimented with different widths, a faux binding, and the addition of a flange for a pop of color—a ta-da at the end of a project. But you know, some kind of binding is important!

Here we are toward the end of another quilt guild year, and it's almost time to put the binding on this project. We plan to finish strong to keep our quilt guild square and protect the pieces from unraveling!

My, oh my! I could hear a big sigh of relief when I announced our new meeting location—Pleasant Valley UMC! I, too, am delighted that we have found a new home, especially one that meets our many needs, including the library! There are still things to do, of course, as we bind this deal and move. However, we hope to have everything ready to greet all of you at our August meeting.

Our workshop location has moved as well. In July we held our first workshop at McDonald's Sewing & Vacuum at Central and West. This location was great and had many positives: a well-lit room, the workspace arranged as we asked, and friendly owners who helped attendees carry in sewing machines and supplies. It was a great workshop. Peggy Martin's instructions for paper-pieced feather stars provided some real "aha" moments and some fine looking feathers! Peggy was impressed with how much progress we made as a class. It was terrific fun!

I'll look for you at Pleasant Valley UMC on Aug. 13. Until then, happy binding!

HELP NEEDED IN THE LIBRARY!

My current helper, Bonnie Turley, is retiring from the job, so I am looking for a person interested in taking her place. The duties are checking in and out books and helping to reshelve them. You must be able to come to both the morning and afternoon meetings. With the move to our new meeting place the book shelves will be permanently set up in a room separate from the meeting room. But we will be able to go and see the programs, not missing out on anything.

After the Founders:

Workshops

By Sara Farley

In an article in the 1991 American Quilt Study Group's publication, *Uncoverings*, Catherine Cerny explored the impact of quilt guilds. In her study of the Minnesota Quilts, Inc (a guild founded a few years earlier than PQG but with a similar structure and purpose), Cerny discussed the impact of workshops on members of a guild, noting that workshops help members to learn practical skills and to refine their personal style of expression. Certainly, those impacts have been true for PQG members, too.

In 1983, the Board voted that workshops were to be self-supporting. Initially, the workshops were taught primarily by members. The topics of these mini-workshops were varied as the list from the June 1984 meeting illustrates: basic quilting, applique, candle wicking, Celtic quilting, freehand feathering, continuous bias, stenciling, shadow quilting, perfect pieced triangle, and increasing and decreasing patterns. These mini-workshops were free and sometimes served as the program, but were sometimes offered as a separate event on a non-guild day. For example, Diane Lane taught an afternoon and evening workshop (Jan. 25, 1983) on making Stain Glass quilts.

Speakers often taught workshops as well; for these, fees were charged. The first such workshop, taught by Flavin Glover on the log cabin (Sept. 1983), followed her lecture. Other well-known teachers have included Jo Diggs, Marianne Fons, Helen Kelley, Roberta Horton, Patricia Morris, Ami Simms, Judy Mathieson, Jinny Beyer, Elly Sienkiewicz, Doreen Speckman, Marsha McClosky, John Flynn, Cynthia England, Pepper Cory, Hollis Chatelaine, Jo Morton, Paula Nadelstern, Bonnie Hunter, and the list goes on!

In addition to providing members with opportunities to improve skills and define their own style, workshops have been one way for the guild to provide its members with a social fabric. For here, members share tips with other attendees, help problem-solve, laugh, and learn together while building friendships.

Bylaws Change: Date of Board Meetings

The Board is proposing a change to the designated meeting date for the Board of Directors. Currently, the Board meets as indicated in our bylaws, Article 5, Section 2, which states that the Board “**shall meet monthly in the evening on the last Tuesday of the month.**” In some months that means that the Board meets on the 4th Tuesday of the month, but sometimes the final Tuesday is the 5th Tuesday.

The Board is proposing that Article 5, Section 2 be amended to read that the Board “**shall meet monthly in the evening on the fourth Tuesday of the month.**” This change is proposed so that Pleasant Valley UMC can assign us a room in a section of the church that has its own heating and cooling system, an assignment that is not available on the 5th Tuesday of the month. We have offered this change to help the church continue to be good stewards of their resources.

This change in the Bylaws would take effect with the beginning of the 2019-2020 guild year.

Please note, **this change does NOT affect the meeting date of the guild.** The guild will continue to meet on the second Tuesday of each month. This change is for board meetings only.

## 2018-2019 Block of the Month - August 2019

### “To The Nines” / Block of the Month / Block 11

This block is traditionally called **Noseguy**. More recently it has been called Topsy Turvey 9 Patch, which uses the same block and creates a wavy diagonal effect by rotating the blocks as you join them. The challenge is in the “half rectangle triangles” (HRT). For 2:1 ratio dimensions there are specialty rulers available, but this block doesn't meet that requirement. This month's technique allows accuracy for any dimensions. Google led me to the Jan. 26-30, 2012 blogs of Wayne Kollinger for 3 methods. The third is best applicable to our block. I'm giving instructions below, but for the rest of the story and illustrations, go to [www.WayneKollingersquiltblog.blogspot.com](http://www.WayneKollingersquiltblog.blogspot.com).

#### Half rectangle-triangle units (HRT) for this block must be mirrored.

Mark the freezer paper rectangles once diagonally, each opposite to the other, and fold but do not cut the diagonal. The freezer paper rectangle does not include seam allowances. So, leaving extra for all seam allowances, match the right angle with the grain of the fabric, placed on the right side of the chosen fabric. Press just the first freezer paper triangle. Fold the paper back and trim the diagonal adding 1/4" seam allowance. Press the second triangle to the right side of the appropriate fabric then trim that diagonal, adding the 1/4" seam allowance. Stitch the diagonal seam, then press open. Trim the perimeter of the rectangle to the unit size, which is the freezer paper plus 1/4" on all sides. After removing the freezer paper, it can be reused several times if needed/desired!

You've come a long way, so I'll leave it to you to construct the full block. Just lay it out and look twice...I had to unsew a bit when I got in a hurry!

Have continued fun "playing with blocks"!

## Charity Corner

Eleven quilts plus one delivered this week. Family Promise will most likely receive these.

Please consider making some fidget quilts, in addition to all the wonderful quilts you have been bringing me. See directions in this newsletter. I am still not taking fabric donations due to storage issues. We sent 4 boxes of flat sheets and solid colors to the Lakota Indian tribe, and I took 6 boxes to the quilters corner at the Mennonite Relief Sale. Keeping 6 boxes of kid fabric, brights, and backings for our own use. Thank you sew much for all you do. Vera

## Fidget Quilts Project for Charity Corner

Fidget blankets or sensory mats provide a soothing, and stimulating activity for people living with dementia or recovering from strokes. While any size is acceptable, a quilt about the size of a fat quarter can be used sitting at a table, on a lap, or in a chair. Basically it is a fabric "busy box" that stimulates the senses such as sight, touch, sound. It can be for a man, or a woman, or gender neutral.

**What You Need:** Quilt sandwich: front, back and filling. Make it as a rag quilt, an envelope quilt or add binding. **Decorating:** Use your imagination, and anything interesting and safe is suitable. Decorations should be securely attached to fabric for safety reasons. Pockets, zippers, buttons, bits of lace, braid, belt and buckle, shoe string, pom-poms make great decoration. Slip in a marble, a squeaky toy, or a plastic ring. Not only are you creating a piece of art, but a therapeutic tool to help stimulate someone's brain.

**More about who will receive these next month!**

## 2019 Summer Quilt Retreat

August 19-24, 2019

**This is the last month you can register!**

The August guild meeting will be the last time to register for Prairie Quilt Guild's summer retreat. The retreat is held at Wheat State Camp located between Andover and Augusta just north of Highway 400 (Kellogg).

If you have decided that this retreat is for you and have not registered, you can find information and registration form on the PQG website under LINKS -- we will also have the registration form at the August meeting. You can either mail your registration form along with your payment in full to Donna Loehr (address can be found in your directory), or bring it to either of the August guild meetings.

If you have reserved your spot at the June or July meetings by giving us a deposit to hold your space please remember now is the time for your full payment for the retreat to be made – the August guild meeting is the last day for payment(s).

We will be sending information to all registered for the retreat, so be looking for that email.

Please come to the retreat prepared to sew, visit, sew, eat, sew, play a game or two, and maybe even sew!
